TO WHOM IT MAY CONCERN

The Australian Quarantine and Inspection Service is able to confirm that in 2007, the California Legislature approved Senate Bill 880. SB 880 was signed by the Californian Governor in October 2007 and chaptered into California law on October 13, 2007. The chaptered Bill amends California Penal Code Section 653o to remove the ban on the import and sale of kangaroo products in California made from non-threatened and non-endangered species of kangaroo. This amendment now makes it perfectly legal to sell kangaroo meat and leather products exported under AQIS certification in the State of California.

A handwritten signature in black ink, appearing to read 'S. Roberts', written over the circular seal.
